

Radnor House
— SEVENOAKS —
celebrating every individual

3 February 2021

Dear Parent or Carer,

Music Performing Opportunities

We hope that you enjoyed watching our Winter concert produced by some of our pupils and recorded in school last term.

This term the Music Department would like to form a programme of musical items involving pupils from throughout the school. Pupils are continuing to receive their individual music lessons during lockdown and we would be delighted to receive video recordings of suitable items so that we can all hear the wonderful talent on offer at Radnor. This may be of particular interest to pupils who are working towards a music exam soon, but also to those who are simply enjoying their music-making and have something to share. To make the experience even more special, do feel free to wear smart casual clothes or school uniform, introduce your piece and give us a lovely bow with a smile at the end. Video recordings should be sent to music@radnor-sevenoaks as an mp4 file share and be clearly labelled with your name, form, piece and composer by Friday 5 March (this information should also be the file name of the video). We will also need permission from a parent or guardian for the recordings to be used in the final programme.

Before sending please save and, if needed, compress your video recording as an mp4 file to no more than 50Mb so that it does not take up too much space. If uploading directly from a phone or tablet, you will probably need to compress the video first so that it meets the size. There are many apps that can help you do this and recommendations can be found at the bottom of the page. Files can be sent to us using [wetransfer.com](https://www.wetransfer.com).

We look forward to receiving your submissions by Friday 5 March 2021.

With very best wishes,

Dr Helen Isom
Director of Music
