PRE SCHOOL
FROM 2 YEARS OLD

Our philosophy of care...

Radnor House Sevenoaks Pre School offers outstanding care and all-round education for boys and girls from the age of 2 years old. The atmosphere in the Pre School is one of warmth, security and enthusiasm, underpinned by a true passion for exploration and challenge. Our beautiful and extensive grounds provide an unparalleled setting in which to learn and grow. Our children are educated by well-qualified and experienced Early Years practitioners who take the time to really get to know your child, allowing them to settle easily and gain confidence in their new surroundings quickly. Our excellent staff ensure a holistic, tailored approach to the curriculum which means that your child is stimulated and challenged at their individual level. This lays the foundations when they make the move from Pre School to Reception: We ensure they are happy, confident and excited about learning and that our children are ready to challenge themselves to their full capacity. Our last ISI inspection rated our Early Years Foundation Stage provision as excellent in all categories. I would be delighted to welcome you on a private tour to experience our happy community where fun, enthusiasm and a love of learning are an essential part of daily life.

learn
and grow...

courage
respect
perseverance
excellence

Our fundamental aim is for our children to be happy, deeply engaged and challenged in a warm, caring environment that promotes a true life-long love of learning. We pride ourselves on instilling the Radnor House core values of courage, respect, perseverance and excellence in everything that we do. As a family orientated school, we make time for the things that really matter to you and your child with a careful focus on both academics and individualised pastoral care: This is the beginning of your child's journey to enable them to one day go out into the world as a successful global citizen.

Class numbers reflect our philosophy of a tailored individualised programme for every one of our children. We have high adult to child ratios. This enables exceptional personal, social and academic growth. It facilitates the nurturing home from home environment that children need as a pre-requisite: We know that a happy child is a happy learner. Our indoor and outdoor environments are carefully planned to facilitate purposeful, differentiated adult led and child initiated learning experiences. This enables the development of confidence, autonomy and, vitally, the three areas of executive function: working memory, flexible thinking, and inhibitory control.

Class numbers are kept intentionally small, which enables our wonderful Pre-School staff to give an exceptionally high quality of care. Our children are exposed to carefully planned learning experiences that help develop their knowledge, understanding and skills across all areas of the Foundation Stage.

learning
through play...

Curriculum

We are able to offer many opportunities as part of our weekly Pre School timetable for a truly enhanced Early Years curriculum: Our Forest School programme, PE and Games, performing arts, library, French and music lessons are all delivered by specialist subject staff throughout the week, during which our children benefit from access to our superb facilities. Swimming lessons form part of our curriculum offering, with our Pre School children having weekly sessions in our own 25 metre swimming pool. All of our children also have the opportunity to participate in extracurricular activities such as ballet, mini tennis and Taekwon-Do sessions. Here at Radnor House Pre School, we are confident that when your child progresses to Reception, they will be well-equipped for their next big step.
